THE LAST MAN SHAVED.

An Explanation by the Barber That
Did Not Quiet His Nerves.

There were five of us hunting and
fishing in the Queensland bush when
one rainy day a stranger appeared. He
said he was a tramp barber, and as
none of us had been shaved for a fort-
night we gave him half a day's work.

About four hours after he had left
us a band of six men rode up, and the
leader inquired if we had seen a tall,
roughly dressed man pass that way.
We told him of the barber, and he
looked from man to man and ex-
claimed:

"Good gracious, but you are all fresh-
ly shaved!"

"Yes, we gave the barber a job."

"And he shaved each one of you?"

"He did and did it well."

"Boys, do you hear that?" shouted
the man as he turned to his compan-
ions.

"What of it?" asked one of our party.

"Why, he went into his barber's
chair over at Unadilla, and we're after
him to put him in an asylum."

They rode away at a gallop and next
morning returned to our camp with the
man, who had been captured after a
hand fight and was tied on his horse.
He seemed to remember us when he
was given a drink of water, and as he
was handed the cup back he quietly ob-
served:

"I say, gentlemen, please excuse me. I
meant to finish off the last man who
got shaved, but I got to thinking of
something else, and I stopped my
mind."—Cape Times.

A QUESTION OF DUTY.

Should Governor Hughes Abandon His
Present Post for any Other?

Governor Hughes will open his presi-
dential campaign in a speech to the Re-
publican club, January 31, defining his
views on national issues.

In the meantime Otto Kelley is still
superintendent of insurance, the Arm-
strong laws are not enforced and the
governor has failed to present to the
Senate the evidence taken by Mr. Fleming
which shows Kelley's continuing in-
competency.

The great insurance criminals are no
nearer Sing Sing than they were the day
Mr. Hughes took the oath of office as
governor.

No executive presence has been ex-
erted upon District Attorney Jerome to
compel the criminal prosecution of the
men that looted and wrecked the street
railway system of New York or of the
men whose violation of the state bank-
ing laws helped precipitate the panic.

The legislature has entered upon the
fourth week of its session with no pro-
gram and nothing accomplished. Noth-
ing has been done toward suppressing
the gigantic evil of Wall street gam-
bling, or to carry out the banking re-
forms recommended by the governor's
commission, or to give this city an in-
tellectually drawn charter adequate to
public needs, or to enact an honest
election law or to remedy the unjust tax
system which bears so heavily upon the
metropolis.

The public service commissions are
still an interesting and hopeful experi-
ment, but there is no pretense that the
law is perfect. No steps have been
taken to give New York city \$5-cent
cars, although Judge Hughes's decision
showed that such a rate would not be
objectionable. A judge was required to
produce a competent superintendent of
lanes, and other departments of the
state government are about where they
were a great ago.

We say this not in criticism of Gov-
ernor Hughes, but to illustrate the gi-
gantic proportions of a work that even
since the Civil war has been awaiting
the right man. Mr. Tilden began it, but
left it to pursue the presidency. After
a hiatus of thirty years, Mr. Hughes
took it up only to be diverted by presi-
dential ambition before he had fairly be-
gun.

When Mr. Hughes was nominated and
elected, the World hoped that he would
see his way clear to remain at Albany
until he had finished the greatest work
of administrative reform open to any
man in public life. The World can name
twenty men, any one of whom if elected
president would give the country an able
and acceptable administration. It can
name nobody capable of taking up Gov-
ernor Hughes's task and carrying it on
to successful completion. If Mr. Hughes
persists not only in his presidential ambi-
tion, but in retiring from the govern-
ment, at the end of his first term,
what promise to be an epoch in
New York's history may prove to have
been only an episode.—New York World.

WANTS RELIABLE MEN.

Chief McDermott of Rutland Fire De-
partment Makes Request.

Rutland, Jan. 30.—In his annual re-
port Chief C. E. McDermott of the fire
department states that the expense ac-
count for 1907 was \$17,200.90. He re-
commends that the personnel of the de-
partment be bettered, saying that the
apparatus has been strengthened and
now the city needs a force of men
capable of handling it to the best ad-
vantage.

There are several men in the call de-
partment who are uncertain in their at-
titude as to area and those, the chief
believes, should be dismissed. To those
who must be retained after a long, faith-
ful service he believes some compensa-
tion is due.

Mr. McDermott thinks the city should
have at least five more call men, that
500 feet of new hose should be purchased
that an addition be built to station 2,
for the old alarm and the station re-
paired; that fire alarm boxes be instal-
led at the corners of Mussey and Allen
streets, Jackson avenue and East street,
Baxter and Oak streets.

R. W. TAFT LOSES.

In Supreme Court Case Involving Cas-
tody of Child.

The petitioner in the case of Winona
L. Taft vs. Russell Taft was given un-
til Tuesday to file his brief with supreme
court, the brief of the petitioner having
already been filed, but the papers were
not received at the time of arguement.
The docket entry now stands af-
ter this fashion: Motion to dismiss
waived, the petitioner saving nothing in
support of his exceptions. They are
taken as waived. Judgment affirmed
and cause remanded.

The case is over the custody of the
minor child following the granting of
the divorce.

CHARGED WITH ARSON.

Herbert Davis of Reading Accused in
Woodstock Court.

Woodstock, Jan. 30.—After a week's
recess, Windsor county court resumed
business yesterday. The case of State
vs. Herbert Davis of Reading, was taken
up and will occupy several days, it
is expected. Davis is charged with set-
ting fire to Edward Wright's barn Janu-
ary 7. Testimony showed that Davis
was seen coming out of the barn, leading
a horse and crying fire. Hay was found
burning on the barn floor. The fire was
extinguished.

ABOUT THE STATE.

Items of Interest Gleaned from Our
Exchanges.

There have been 118 marriages, 206
births and 273 deaths in Bristol in the
past eight years.

Dr. George X. Roberts of Brattleboro,
has been granted a patent on an artifi-
cial limb device.

William Collier of Barton, who was
75 years old Christmas day, has cut
and drawn eight cords of wood this
winter without assistance.

The certificates returned to Town
Clerk William S. Newton of Brattleboro
show 110 births, 753 deaths and 88 mar-
riages in town during 1907.

Through the efforts of the Bristol
Village Improvement society, a fountain
nine feet and five inches high will be in-
stalled in the park the coming spring. A
fountain is also to be installed in the
Greenwood cemetery in that town the
coming spring.

Miss Lucy Jennings, who was recently
elected a director of the Winchester,
(N. H.) National bank to fill the vacan-
cy caused by the death of her father
whose extensive lumber business she has
carried on since his death, was graduated
from the Brattleboro high school in the
class of 1900.

Arthur Jensen of West Townsend,
suffered a peculiar accident recently
while at work in the woods. He slipped
and fell, striking his knee and throwing
it out of joint. Wishing to reach as-
sistance as quickly as possible, he tried
to mount one of his horses, but fell
again, striking the same knee in such
a way that it was thrown back into place.

Burlington's New Water Filter.

The work on the new filter plant in
Burlington is being rapidly pushed to
completion and it is expected that the
first water will be turned into the pipes
about the 15th of next month, after
which about two weeks will be required
to get the plant in running order. The
roof of the building containing the clear
well is being slated, and cement floors
are being laid by a large force of men.

The first floor of the clear well building
will contain the pumping apparatus and
the second floor the laboratory and
other machinery used in connection
with the work. The coagulating well is
completed on the outside and nearly so
on the interior. This is a huge cement
well 14 feet in height and about 30 feet
long, into which the water is first pump-
ed, and in which the water circulates.

After which it empties into the well,
where it undergoes a chemical process.
When completed and in working order
the new plant will be one of the interest-
ing places in Burlington and well worth
inspection.

Further Dates For Farmers' Meetings.

Additional dates for meetings of the
state board of agriculture are announced
as follows: Morrisville, February 4; East
Hardwick, February 7; Londonderry,
February 11; Townsend, February 12;
Brattleboro, February 13; Westminster,
February 14; Waterbury, February 15;
East Montpelier, February 19; Randolph,
February 20; South Royalton, February 21.
Meetings will be held each day at
two o'clock in the afternoon and seven
in the evening. The board will be ably
assisted by Dr. H. D. Holland, secretary
state board of health; Mason S. Smith,
state superintendent of education;
Charles W. Gates, state highway com-
missioner; G. H. Terrill of Morrisville;
W. F. McFarren of Fairlee; P. A. Ames
of Eaton; R. Walker McKee, ex-sec-
retary Maine state board of agriculture;
Prof. L. R. Jones and Dr. J. L. Hills of
Vermont experiment station; C. R.
Peltier, state forester of New York;
representative of the Vermont tuber-
culosis commission; ex-Gov. C. J. Bell;
Wilfred Wheeler, fruit specialist, Con-
cord, Mass., and other specialists. Gov-
ernor Fletcher D. Proctor will be present
at as many of the meetings as possible,
in connection with his other official du-
ties.

MANUAL TRAINING.

Possibilities For Its Being Started in
Burlington.

manual training in the Burlington pub-
lic schools, Superintendent Wheeler says

board will take favorable action in the
matter, as soon as it can consistently be
done. Personally, he says he is in favor
of it but cannot avoid recognizing some
of the difficulties in the way. The first
one is the financial obstacle. For 15
years the city has almost constantly
been engaged in building school houses,
and there is urgent demand for another
